

IRAQ EMERGENCY

MH nursery, Darul Atam orphanage

Water filtration unit

Medicines distributed to hospitals

Building new orphanage in Baghdad

Elderly & disabled given wheelchairs

680 Tonnes of food & water distributed

Decades of war, sanctions, and looting have left Iraq crippled. Much of the infrastructure including water, electricity, telecommunications and the education system have been severely damaged bringing further misery and suffering to millions of innocent Iraqis.

The Muslim Hands Aid Mission to Iraq in May 2003 visited numerous schools, hospitals, orphanages and elderly homes in **BAGHDAD, MOSUL, NAJAF, KARBALA AND FALLUJA.**

We are now rehabilitating 10 of the most needy schools, orphanages and elderly homes and have supplied general medicines and equipment to hospitals in Baghdad.

Muslim Hands One-to-One Orphan Sponsorship Scheme and One-to-One Elderly Sponsorship Scheme are now running in Iraq. (Please use Direct Debit form enclosed)
