

I.T. for Gaza University (by Fountain of Abundance)

IT'S MY PROJECT

Uniting you with the needy

Individuals, families, mosques, businesses, and other charities are now seeing the benefits of working with MH to establish and run their charitable projects.

From safe water schemes to computer labs in Gaza University, Muslim Hands 'It's My Project' scheme allows YOU to implement projects in the most distant and difficult of locations.

Let your donations and MH worldwide aid network be used for your very own projects. It's not just a concept...IMP donors give to their own projects through MH and use

MH skills to run the project. So, whether you want to run a school in Africa in the name of a loved one or you are a mosque or organisation wanting to set up a hospital in Kashmir...talk to our projects department.

Did You Know?

Your Project!!

Sewing Centre Peshawar through IMP

"We are pleased to work with Muslim Hands as I find MH very helpful, prompt to return my calls and helpful in providing useful information that I need"

Dr Amjid Riaz on behalf of Radio Ramadhan Birmingham

Medical dispensary by Radio Ramadan B'ham

Bratla Medical Ctr. by UK doctor & businessman

Just a few It's My Projects

I.T. for Gaza University (by Fountain of Abundance charity)

■ A UK based charity set up an I.T lab' at the Islamic University of Gaza, Palestine through the Muslim Hands It's My Project.

Wudhu Areas (by individual)

■ Starting with hand-pump installations the previous year, one individual moved onto providing Wudhu areas at 12 different locations! and two water supply schemes in Kashmir and Pakistan after seeing the benefits of IMP.

Training Centre in Peshawar & Medical Dispensary (by Radio Ramadan Birmingham)

■ Radio Ramadan Birmingham and its listeners set up a vocational training centre for women in Peshawar, rebuilt refugee homes and schools and are helping run a medical dispensary in Bangladesh - all through the MH It's My Project.

Safe Water for Iraq Elderly (by individual)

■ A donor from Blackburn had a water purification system fitted at Al-Rashad Elderly Home in Baghdad, Iraq. It's his project!

Electricity Supply in Rural Balochistan (by individual)

■ A donor from Surrey has installed an electricity network in rural Balochistan - providing vital facilities to thousands of people.
