Shamiam after recent treatment

My name is Shamiam Arif. I come from a remote village in the district of Kotli in Azad Kashmir.

I was five months old when I got severely burned. My injuries are extremely bad, and I've been fighting them for over a year now.

A special constable from **Dumfries & Galloway Constabulary** has been raising funds with the help of **Muslim Hands**. So far the basic funds have been raised for my first treatment. I am being treated here in the UK.

Because I am severely burnt and in great pain, I need your help to further my treatment.

I WANT THE CHANCE TO LIVE A NORMAL LIFE.....
